Low Browse Deer (Annuals)

The first line of defense in stopping the deer from making your landscape lunch should be picking low browse plants. Please keep in mind that they will eat pretty much anything if they are hungry enough! There are some alternative choices to help keep the deer from munching on your landscape. Putting up a burlap shield, wrapping the entire plant in burlap, putting up deer fencing are some options. Using a repellent to train the deer from coming into areas that they are not welcome, will also help keep your plants from becoming a buffet.

Helpful Deer Preventatives: Nylon Bird/Deer Netting * Burlap * Liquid Fence * Milorganite * Deer Scram

Please note: Low Browse Plants are NOT Limited to This List

ANNUALS

Common Name	Botanical Name
Ageratum	<i>Ageratum Houstonianum</i>
Avens	<i>Geum Species</i>
Bergenia	<i>Bergenia Species</i>
Blue Cardinal Flower / Lobelia	<i>Lobelia Siphilitica</i>
Betterweed	<i>Helenium Amarum</i>
California Poppy	<i>Eschscholtzia</i>
Castor Bean	<i>Ricinus Communis</i>
Coreopsis	<i>Coreopsis Species</i>
Crown Imperial	<i>Fritallaria Imperialis</i>
Datura	<i>Datura Quercifolia</i>
Desert Marigold	<i>Baileya Multiradiata</i>
Dusty Miller	<i>Centaurea Cineraria</i>
Forget-Me-Not	<i>Myosotis Sylvatica</i>
Globe Thistle	<i>Echinops Species</i>
Heliotrope	<i>Heliotropium Arborecens</i>
Larkspur	<i>Consolida Ambigua</i>
Loosetrife	<i>Lythrum Species</i>
Marigold	<i>Tagetes Species</i>
Pansies	-

Petunia	-
Pot Marigold	<i>Calendula Species</i>
Rose Prickly Poppy	<i>Argemone Sanguinea</i>
Snap Dragon	-
Snow-On-The- Prarie	<i>Euphorbia Bicolor</i>
Spike Gayfeather	<i>Liatris Spicata</i>
Spurge	<i>Euphorbia Species</i>
Strawflower	<i>Helichrysum</i>
Sweet Alyssum	<i>Lobularia Maritime</i>
Thistle	<i>Silybum Species</i>
Turtlehead	<i>Chelone Species</i>
Verbena	<i>Verbena x hybrid</i>
Wax Begonia	<i>Begonia x semperflorens- cultorum</i>
White Prickly Poppy	<i>Argemone Texana</i>
Yellow Prickly Poppy	<i>Argemone Mexicana</i>

HERBS

Common Name
Chives
Garlic Chives
Mint
Nasturium
Parsley
Rosemary
Sage
Sweet Basil
Thyme

GROUNDCOVER

Common Name
Allegheny Spurge
Blue Oat Grass
Bugleweed
Catnip
Deadnettle
Japanese Pachysandra
Lilly of the Valley
Lillyturf
North Sea Oats
Periwinkle / Vinca
Sweet Woodruff
